About the Theme

DEMOCRACY : THE INDIAN EXPERIENCE

The makers of the Indian Constitution believed that democracy in independent India must initiate a democratic process of governance, and more importantly it must also help the growth of a democratic society. Our conference focuses on understanding these two concepts of democracy in the Indian context. From the institutional standpoint we can claim to have successfully erected democratic edifice. However the vision of democracy i.e., 'augmentation of happiness', is yet to be fully accomplished. With this objective in view, this conference intends to conduct debates on democracy based on analyses that are informed and holistic, so that our experience with democracy can well be evaluated.

Sub Themes:

I. Civil Society: Realization of Democratic Project (Vision)

- 1) Civil society engagement in the democratic process.
- 2) Political culture and constructive political participation.
- 3) Role of Quality education and the teachers in creating enlightened society.
- 4) Freedom of expression and space for intellectual discourse.
- 5) Plural and secular dimensions of "Nationalism".

II. Challenges before Indian Democracy.

- 1) Caste system: The politics of Caste.
- 2) Communalism and rising radicalism.
- 3) Corruption and criminalisation of politics.
- 4) Laxity in the system of rule of law.
- 5) Frugal and dynamic involvement of politicians.
- 6) On-going debates on judicial activism.

III. Reinforcing Indian Democracy.

- 1) Rectification of gap between political democracy and social and economic democracy.
- 2) Effective democratic decentralisation.
- 3) Good governance.
- 4) Integrity in civil service.
- 5) Judicial activism.
- 6) Inclusive growth: Health, Education and development dimensions.
- 7) Science, humanity and democracy: Triple tenets to make India a strong nation.

Call for Papers.

It is decided to bring out the issue of 'Karnataka Journal of Political' with ISBN number. The editorial board refers articles to the review committee for its 'Perusal and its decision is final for publication' presentation. The journal is proposed to be released in the conference.

About the GFGCW:

The Government First Grade College (GFGC) for Women, Davanagere was established in August 2007 with just 127 students enrolment. Initially, the college was housed in the government P.G. College building with 3 distinct programs of B.A., B.Com. and B.B.M. Gradually, the strength increased and now we can proudly say that the college has nearly 1000 girl students with one more new programme of B.Sc. with PGC and PGM components adding to its facilities. Presently one college is running all the programmes in the independence new building located at the heart of the city at 2 acres of land. It is recognized under various acts and 120th of the UGC Act, 1956. The institution was awarded by National Assessment and Accreditation Council (NAAC) with B grade.

About the ARMC College:

ARMC College has established its academic reputation and credibility since its commencement in 1989 the college offers variety of courses like B.A., B.Com. & M.Com. to cater to the needs of the students. Since its inception the institution has grown to great heights with well-equipped infrastructure.

Apart from providing University education we inculcate confidence & skills among students to compete in global environment & to face the challenges of life. We can proud to say that we encourage co-curricular activities through seminars, workshops, community visits along with NSS, NCC, Sports, Scouts and Guides, Art and Cultural activities. The remains of our institution "to give the students **higher education with all-round development**" is reflected in our academic set up.

About the Seminar:

It was witnessed that demonetization is a very costly affair with printing of many currency notes, it caused severe cash crunch, job losses, decline in agricultural incomes, social disruption, and GDP growth rate slowdown by 2 per cent. But it holds potential for some good results in the long run through higher rate of tax collection, inflation interest rates, discard of black money and hike in GDP. Therefore, it is necessary to study the impact of demonetization on Indian economy. A number of follow-up actions can minimize the costs and maximize the benefits of demonetization, which include tax reforms, reducing stamp duties & tax rates, incentives for tax compliance and facilitate the digital economy. To achieve these specific objectives, policy makers and academicians must formulate a developmental strategy for the road ahead during post-demonetization period.

Therefore, there are many issues and intricacies that need to be discussed pertaining to the new monetary policy of India in the form of Demonetization of nearly 80 percent of currency in circulation. With this background, **Two-Day National Seminar (Collaborative)** is being organized to foster knowledge in the aforementioned field.

Objectives of the Seminar:

The objective of this seminar is to bring research papers, academics, researchers, managers, businessmen, government representatives, students and other stakeholders in a common platform to present, discuss and debate on the "Impact of Demonetization on Indian Economy- Post-Demonetization Issues and Intricacies".
